#### **DESIGN RESEARCH MASTERY**

**BIS**rontList

HOW TO LEAD RESEARCH THAT BUILDS BUY-IN AND GREAT PRODUCTS

Most businesses see qualitative research as vague and uncertain, too soft to guide strategy. As a result, researchers often struggle to gain buy-in.

"Design Research Mastery" by Sara Fortier changes that. It shows how to turn research into a strategic tool that wins over skeptics and drives innovation. Covering core methods like interviews, observations, diary studies, and workshops, Fortier provides templates, checklists, and real-world advice to help researchers plan, execute, and present with impact.

This book teaches you to synthesize findings, tell compelling stories, and influence decisions, making your work indispensable in an AI-driven future.

#### **EMOTIONS BY DESIGN**

USING THE SCIENCE OF EMOTION TO CREATE BELOVED PRODUCTS AND SERVICES

Design without emotion falls flat. While design shapes how we live and feel, its emotional impact is still too often ignored.

This book changes that. It shows how emotion can be a deliberate, powerful tool for creating products and services that truly connect. Aimed at designers, marketers, innovators, and students, it offers clear methods to identify emotional needs, trigger the right emotions, and resolve tensions between them.

With real-world cases, scientific insights, and hands-on tools, it helps you design not just for function or beauty, but for real human impact and competitive advantage.

#### THE NO DESIGN MANIFESTO

DESIGN BEYOND SHAME

Welcome to a world where everything seems wrong: meat, flying, sitting, even your houseplant. Daily life feels like a checklist of dos and don'ts. But what if we didn't shrink in shame and moved forward with imagination?

The "No Design Manifesto" is a call for creative freedom. At Next Nature, we don't go back to nature, we move forward. Design isn't a moral compass but a living system, full of potential. Let's stop lecturing and start exploring. Not neat solutions, but radical curiosity. The future doesn't need perfection, it needs connection. Forget the checklist. Embrace the ecosystem. Write the new manual together.

#### SHAPING VISUAL STRUCTURES

**BIS**rontList

THE ART OF COMPOSITION, MOVEMENT, AND SPACE IN GRAPHIC DESIGN

This book explores the timeless principles of visual design, movement, space, and composition and their enduring role in communication. While tools and trends evolve, these foundations remain key.

Perfect for students building design skills and professionals sharpening theirs, it blends clarity with depth. The book introduces new ways to think about systems, contrast, and abstraction, turning complex ideas into accessible visuals. It also explores how technology reshapes design, and looks ahead to a future where visual systems may connect people across languages and even across planets.

#### THE SOCIAL DESIGNER'S PARADOX

BIS

WHY SOCIAL DESIGNERS MATTER AND STRUGGLE IN PUBLIC ORGANISATIONS

"The Social Designer's Paradox" is a candid, thoughtful guide for anyone trying to drive change from within public systems.

Social designers bring creativity, care, and bold ideas, only to hit the hard walls of bureaucracy, politics, and outdated structures. This book explores why systems resist change and how you can express your unique value in making change happen. With sharp insights, honest stories, and a dose of humor, it helps you navigate the tension between designing and governing.

For designers, civil servants, and changemakers working inside the system to make a real difference.

#### Willemijn Brouwer

Willemijn Brouwer, MSc TU Delft, is a creativity lecturer with 15+ years' experience in public design and expert in creative processes within government and complex systems.

Unleash your inner artist with "The Mondrian Challenge!"

Looking for something completely different? This unique game lets you create Mondrian-inspired artwork with family and friends. There is no competition, no winners or losers, just a healthy dose of mindful creativity and lots of fun. "The Mondrian Challenge" combines the pleasure of a jigsaw puzzle with the simplicity of dominoes. Much like Mondrian's art, it's all about finding the perfect balance between shape and colour. Take turns placing cards and watch as the artwork gradually comes to life. Each new card adds an unexpected twist, making every collective masterpiece truly one of a kind.

Whether you're passionate about art or simply enjoy a game that sparks your creativity, "The Mondrian Challenge" offers an inspiring experience that never ceases to amaze.

#### Linda and Mia van Gaalen

Linda and Mia van Gaalen are passionate creatives with a shared love for games and visual arts. With sharp industry insight from publishing, they've helped others develop their game concepts and are now launching their own first official title. With visual input from Lilian van Dongen Torman ("Rock Your Life", "Art Jam!"), their combined creativity has resulted in a game as exciting and original as the team behind it.

#### **POWERFUL WOMEN PLAYING CARDS**

"Powerful Women Playing Cards" is a unique playing card deck that celebrates the significant contributions of women throughout history. Each suit represents a distinct theme: art, literature, science, and activism. Together, they form a symbolic journey through an imagined art gallery. Each suit serves as its own curated exhibition, guiding players through the remarkable achievements of women in that field. Illustrated to evoke the experience of walking through a gallery, the cards are filled with symbolic detail and thoughtful composition, reflecting the stories and meaning behind each contribution. More than just a deck of cards, "Powerful Women Playing Cards" offers an educational and inspiring experience. It invites players to explore the impact of women on culture and history through a compelling blend of storytelling, art, and learning.

## IMAGINE ME Visualising your identity

**Imagine Me** enables you to talk about the complicated and intimate subject of identity in a playful and accessible manner. Instead of using words and questions, you use visualisations to start a meaningful conversation about identity. The game consist of 99 cards, each card has an authentic illustration that represents a particular trait. The goal of this game is to compile and build a collage consisting out of 7 cards that will either represent you or someone else. It is not about winning or losing, but about unravelling visual identities and evoke meaningful interactions.
